Title: Windows XP in the Trust.

I am now in a position to respond to your request; please see our response below:

Question:	Trust Request:
How many endpoints in the Trust are using Windows XP as an operating system and how many have been or are in the process of being upgraded to a more secure and up-to-date operating system.	Surrey and Borders Trust does not operate XP as an operating system – all units had previously been upgraded.
If possible could you provide the names of the operating system/s that have been used to upgrade the endpoints?"	Not applicable.
